HOW IT WORKS

Regarding Dentistry will take an impression of your mouth. The mouthguard is vacuumed sealed to ensure a custom fit. Then the mouthguard laminate is dual layered for more comfort and maximum absorption of impact.

CUSTOMIZE IT

Regarding Dentistry offers a selection of colors so you can customize your mouthguard's design.

- Patriot purple
- Subtle white
- Bold black

Whatever design you choose, tooth damage is 60 times less likely wearing a mouthguard than without.
